No ma'am you have to have some type of sense, and know how to act in public as well as privater, and not nag the man every chance you get. He knows what you want, and either he is willing to give it to you or he isn't there is no in between.Danessa knew what it took and she stayed in her place and played her roll very well. And it may have moved her up in the rankings. I know Mel ddi not like Tyrek at all for how he was carrying on with her best friend, yet there was nothing she could do because it wasn't her place,nor was it her relationship to really interfere in.There could have been more to this than what it was, but I would like to know what happened and who Tyrek ended up with in the end.0 of 0 people found the following review helpful. Good readBy Treka22This book is good Tyrek is something else trying to have his cake and eat it too. I cannot wait to see how Cynthia get back at him0 of 0 people found the following review helpful. This is interestingBy StrawberryNever heard of a side chick becoming the wife is can't wait to see the out come of Cynthia investigation

Can a side chick be a wife?Several months prior, Danessa accepted that she was forever going to be the side chick in Tyrek's life. That is until she grew tired of being on the side and wanted to be more than his arm candy and his stress reliever whenever he craved sex. It was a long battle that not only affected her well being, but her relationship with her best friend and business partner, Mel. Danessa knew that it wasn't going to be easy to become the main woman in his life, but she knew deep in her stubborn heart that it was possible for it to happen. No matter what options of better men that her best friend pitched in her direction, Danessa couldn't let go of the fast living and thuggish lifestyle that Tyrek had to offer. Was Danessa really up for the challenge of trying to win this man's heart, hoping that one day he would consider to marry her? With the main bitch still lingering around, there was a great possibility that Danessa may or may not make it out of this little love triangle alive and with the man that her heart so desired.Disclaimer: This book has sexually explicit content and should not be viewed for anyone under the age of 18. The book is approximately 35,000 words long and ends in a cliffhanger.
